SUMMARY

As a Fullstack Web Developer, my expertise spans both front-end and back-end development, allowing me to build comprehensive solutions that meet diverse business needs. I have expertise in web development and a strong passion for finding innovative solutions. My focus on Laravel, jQuery and React JS comes from my internship and freelance experiences over the past year.

WORKING EXPERIENCES

Onlenkan, Probolinggo   Nov 2024 – Dec 2024
Full-Stack Web Developer
- Joining the onlenkan project division, I am responsible for working on client-ordered projects. Building custom websites from 0 according to client requests using the latest technologies such as the laravel, vue and react js frameworks.

Freelancer, Jember - Probolinggo   Feb 2023 – Sep 2024
Web Developer
- Developing various websites based on client needs, including company profile websites, wedding invitation, cafe cashier systems, batik sales websites, etc.
- Occasionally working with colleagues on collaborative projects.

INTERSHIPS

PT Inka Persero, Madiun   Aug 2023 – Dec 2023
Web Developer
- I focus on optimizing the Inka Office website to enhance speed and efficiency for PT Inka Persero employees. My responsibilities include refining existing features to better meet the specific needs of PT Inka Persero staff. Additionally, I develop new features aimed at bolstering the performance of the development division.

Fixed bugs on the Inka Office website and improved the Inka Office API so that it can be adapted to the new Inka mobile application.

Onlenkan.com, Probolinggo   Aug 2019 – Dec 2019
Web Design
- Learn UI/UX.
- Created several company profile websites using WordPress.
- Develop a simple e-commerce website.
- Make promo videos using after effects.
- Participate and be part of events created by Onlenkan, for example the UI/UX event.
- Attend internal day exhibitions every week to practice public speaking skills.
